The new square will become a social meeting point for residents of Veste Billingstad and the surrounding neighborhoods. As of autumn 2025, the square will consist of a restaurant, a hair salon, a sushi and wine bar, as well as a bakery. More businesses are on their way in. A grocery store is already in place, just a short walk from your apartment.

As a resident at Bergerløkka, you will live within easy reach of Sandvika, Asker and Oslo either by bus or train. The bus stops just a couple of minutes outside your door, while the train is just a ten to fifteen minutes' walk away. The ocean is a short bike ride away, and the woods are within walking distance.
